

Driving Privileges

Since there is a limited number of parking spaces available for students, parking permits are issued on a first come, first served basis. A complete application packet must be submitted for consideration of granting parking privileges. Parking permits are \$10.00 per year plus a \$5.00 deposit to be refunded when permit is returned at the end of the school year.

Eligibility-

- Only students in good standing are eligible to apply for a permit beginning in August of each school year.
- Students who are not academically eligible to participate in school activities or who have attendance and/or disciplinary problems will not be issued a parking permit.
- Only students who are eligible to drive without supervision (6 months from DE license issue date) can submit an application/parking permit agreement.
- As students become eligible to drive without supervision, applications for parking permits can be submitted for consideration.

Parking Lot Rules-

- All drivers must have a valid driver's license in their possession at all times and proof of insurance on file at the school. It is the student's responsibility to provide updated insurance information in a timely fashion as policies are renewed and/or changed.
- A copy of the student's driving log must be on file at the school.
- Students are to use only the designated student parking area(s).
- Student vehicles are to remain parked in the designated area(s) until after all buses have exited from the school property unless authorized by an administrator to leave earlier.
