

IB Chemistry SL - Year 1 Summer Work 2018

There will be a quiz on this material the first day of class.

The purpose of this assignment is to provide you with a review of concepts learned in ninth grade science that are essential to beginning the course.

First Assignment:

Read and take notes on Section 1.1 (pg. 1-11) of the IB chemistry textbook.

Second Assignment:

Do the Quick Questions (#1-9) on pg. 11.
